Butterfly Tea  
Lemongrass Ginger

English Breakfast  
Chamomile  
Peppermint

Herb Harmony  
Sencha Green

## ORGANIC RESERVE TEAS

### Yuzu Kukicha Green Tea.....5.6

*Kirishima, Kagoshima, Japan*  
Notes: Refreshing, Sweet, Citrus

On the fog-shrouded slopes of Kirishima Mountain, Japan's southernmost tea cultivation region, the Nishi family organically grow our Yuzu Kukicha. The vibrant green stems of Kukicha blend harmoniously with the Japanese citrus fruit Yuzu, yielding a revitalising, sweet tea with a punch of sweet citrus.

### California Persian.....5.9

*Fuzhou, Fujian Province, China*  
Notes: Floral, Sweet, Jasmine Blossom

Our California Persian starts with traditional Persian tea, which is a blend of black tea and rose petals, and then adds jasmine, orange, cardamom, and a hint of bergamot. Great with milk and sugar, this tea features high caffeine in a full-bodied floral infusion.

### Liu Bao Heicha.....7.9

*Liubao township, Guangxi, China*  
Notes: Rich, Pine, Musk, Sweet Plum

Liu Bao is the lesser known sister to Puerh Tea, but no less enjoyable. Some say that the process used to make Liu Bao is where the Shou Pu-erh tea making process originated. Made from fermented black tea and grown high in the mountains near Liubao township, Guangxi, our Liu Bao tea is aged in baskets through a process of fermentation. The flavor is rich and bold, each sip offers a sweet comforting allure of musk, pine, and sweet plum.

### Tres #8 Hong Cha Black Tea .....8.9

*Yu Chi Township, Nantou County, Taiwan*  
Notes: Honey, Baked Fruits, Camphor

First introduced to Taiwan in the early 1920s, The Taiwan Research and Extension Station (TRES) identified the Sun Moon Lake region of central Taiwan as providing the perfect conditions for black tea production. When infused, the large curved leaves produce a deep orange-brown hue with rounded fruity sweetness and superb cherry like aromas. Because of how dark and sweet this tea is, this tea pairs wonderfully with a croissant.

### Jasmine Dragon Pearls .....7.9

*Fuzhou, Fujian Province, China*  
Notes: Floral, Sweet, Jasmine Blossom

Jasmine Dragon Pearl is known as a customary welcoming beverage in Northern China. It adopts a very distinct preparation method that involves fashioning an exceptionally long leaf and bud together into tightly rolled silvery colored pearls. This award winning tea uses the youngest leaves, harvested in early spring and scented 6 times over with Jasmine blossoms. Once steeped, the pearls unravel to unleash a sweet, medium-bodied green tea with an alluring velvety texture, intonated with inviting floral tones.

### Longjing.....7.9

*Hangzhou, Zhejiang Province, China*

Longjing translates as "Dragon Well," a reference to a famous old well outside the city of Hanzhou. The roasted flavor and flat shape of the leaves are a result workers pressing the green leaves against a heated wok using the flat palms of their hands. When infused, Longjing offers a rich, savory buttery taste with a mellow roasted aroma.

## HAMBELA NATURAL

Country.....Ethiopia  
Region.....Guji Oromia  
Elevation.....1900-2200 meters  
Organization.....METAD Agricultural Development  
Producer.....1000 smallholder farmers  
Varieties.....Ethiopian Landraces  
Process.....Dried in Cherry on Raised Beds  
Roaster Notes.....Strawberry, Blueberry, Stonefruit

Hambela is an estate and washing station in Guji, Ethiopia.

The Adinew family has been growing coffee there since the 1940s, and in the last 30 years has started to work with the local community to increase employment opportunities, education & access to health care.

This lot comes from the local community and is processed at Hambela. Wonderfully fruit forward and floral, coffees like this from Ethiopia are so delicious.

## HUEHUETENANGO

Country.....Guatemala  
Region.....Santiago Chimaltenango, Huehuetenango  
Elevation.....1400-2000m  
Organization.....ASOPCE Cooperative  
Producer.....450 Smallholder farmers  
Varieties.....Bourbon, Catuai & Catura  
Process.....Washed, then Sun-Dried on Patios  
Roaster Notes.....Apple, Caramel, Creamy

This coffee is grown by smallholder farmers in the high elevation region of Huehuetenango, Guatemala. These producers belong to the ASOPCE Cooperative, which has 450 members.

The coffee is consolidated by the exporter, BICAFFE, which grades and processes it in their solar powered facility.

This coffee is very sweet and balanced around an apple fruitiness, with undercurrents of chocolate and citrus.
